PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Engineering graduate with internship experience in network infrastructure analysis, technical support, and project implementation. Conducted a feasibility study on Virtual Local Area Network (VLAN) implementation to improve network topology, performance, and security at the Regional Trial Court – Region IX. Possesses strong analytical, troubleshooting, and problem-solving skills, with the ability to work collaboratively in a team environment. Eager to contribute technical expertise and continuously develop professionally in a software development, network support, or system administration role.

CORE SKILLS

- Software Development
- Computer Networking
- VLAN Fundamentals
- Network Infrastructure
- Network Security Fundamentals
- Network Device Configuration
- Hardware & Software Troubleshooting
- Windows Operating System
- Linux Operating System
- Microsoft Office (Word, Excel, PowerPoint)

- Cisco Packet Tracer
- C++, Java, Python
- HTML, CSS, JavaScript, PHP, MySQL
- GitHub
- Technical Documentation
- Problem Solving
- Team Collaboration
- Time Management
- Communication Skills

PROFESSIONAL EXPERIENCE

Computer Engineering Intern

Regional Trial Court – Region IX
Hall of Justice Palace, Pettit Barracks, Zamboanga City

September 2024 – April 2025

- Conducted a feasibility study on the implementation of Virtual Local Area Networks (VLANs) to improve the organization's network topology and security.
- Evaluated the existing network infrastructure and identified opportunities for enhanced performance and security.
- Collaborated with supervisors and team members to analyze technical issues and recommend practical solutions.
- Assisted in preparing technical documentation and project reports.
- Managed assigned responsibilities effectively while consistently meeting deadlines.
- Developed professional skills in communication, teamwork, adaptability, and time management.

EDUCATION

Bachelor of Science in Computer Engineering
Western Mindanao State University
Zamboanga City, Philippines

Graduated: May 2025

CERTIFICATIONS

Career Service Professional (Professional Level)
Civil Service Commission – Philippines

TECHNICAL PROFICIENCIES

Operating Systems

- Microsoft Windows
- Linux

Networking

- Network Topology
- VLAN Concepts
- Basic Network Security

Software

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Cisco Packet Tracer

Professional Skills

- Analytical Thinking
- Technical Documentation
- Problem Solving

- Teamwork
- Communication
- Organization
